Whitby Public Library Mobile Hotspot Instructions (Inseego MiFi X PRO 5G)

Mobile Hotspot At a Glance

Mobile Hotspot Home Screen

Connecting to the Mobile Hotspot

1. Press and hold the **power button** for a few seconds to turn on the mobile hotspot. It can take up to 3 minutes to fully power on.
2. Ensure your device's Wi-Fi is turned on.
3. On your device, select the **Whitby Library-X** (ex. Whitby Library-1, Whitby Library-2, etc.) network from the list of available networks.
4. On the mobile hotspot, tap **Wi-Fi Name/Password** to see the password.
5. Enter the password on your device.
6. Allow 1-2 minutes for your device to connect to the network.
7. Your device will now auto-connect to the hotspot whenever it is within range.
